

JOHN AND TRACEY PATTERSON

Southern RV

My name is John Patterson. My wife, Tracey, and I purchased SOUTHERN RV in February 2003. We have more than 16 years in the RV business and 15 years in the marine business. I grew up camping with my family all over the United States. We traveled to Canada and Mexico as well. Camping/ RVing is an exciting pastime for our nation right now and we feel honored to be able to serve you.

We have made many positive changes since we bought Southern RV. Our family would like to extend our helping hand in educating you on your next big purchase ... ensuring your exciting camping/RVing experience. Let us assist you with some of the most recognized brands in the RV industry.
